## Publisher's Note

**D**r. Muhammad bin Abdir-Rahman Al-'Arifi is a well-known author and scholar from Saudi Arabia. He studied in the Universities in the Kingdom where he bagged a Doctorate Degree in Usool ad-Deen from the Imam Muhammad bin Su'ood Islamic University, Riyadh.

Dr. Al-'Arifi is well versed in the sciences of the Qur'an in which he obtained certification from the scholars of Recitals across the Muslim world including Shaykh Yahya al-Haleelee, the great scholar of Recitals from Yemen. He is also blessed to have learnt from the most eminent scholars of our times like Shaykh Abdul-'Aziz bin Abdullah bin Baz under whom he studied for over a decade, and Shaykh Abdullah Jibreen (may Allah be pleased with them both) amongst others.

Dakwah Corner Publications is therefore extremely pleased to present the English translation of a series of works by Dr. Al-'Arifi to our esteemed readers collected in one book form called *Rekindle your Life* in (Arabic: **روائع العريفي**). The book centres upon encouragement towards good deeds and noble characters, abstinence from sins by giving reminders in a very beautiful way about the Paradise and its delight, the reality of death, turning to Allah in repentance and enlightening faith through inspired, real and wonderful stories from various aspects of life past and present.

As with his lectures and sermons, his writings are very captivating, sometimes attracting several reads from a single reader. His blend of narrations from our Islamic heritage with some thought-provoking anecdotes from personal experience describes the uniqueness of the works. We beg Allah the Mighty and Sublime to make the work beneficial in this world

and the world hereafter, to its author, the reader and all those who have helped to spread these extremely beneficial works.

May Allah's peace and blessings be upon our noble Prophet  his household, his entire companions and all those who follow his footsteps until the Day of Resurrection.
