PREFACE

All thanks and praises be to Allah, the Lord of the worlds, the Creator of man from a despised fluid of the combination of the male and female discharges; kept in a safe lodge.

Thanks and praises be to Him, the Creator of everything that exists. He rolls up the night over the day and the day over the night.

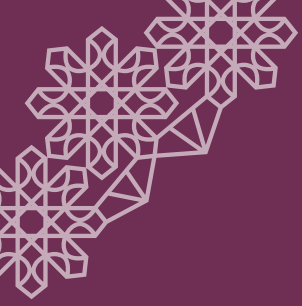

I bear witness that none is worthy of been worshipped sincerely but Him. He is the Lord of the lords.

I also bear witness that prophet Muhammad ﷺ, a sincere and true witness till the day of recompense.

To proceed;

Verily, the best speech is Allah's speech and the best guidance is that of the messenger

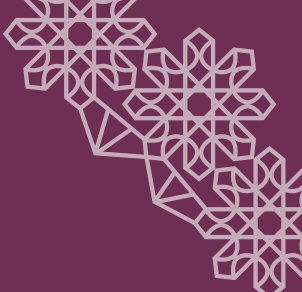

of Allah, Muhammad ﷺ, and the worst affairs are those innovated into the religion; and every innovation in the religion is considered heresy, and all forms of heresy are aberration, and every aberration leads to Hell.

O Allah! Teach us that, which will benefit us, make us benefit from that which you endow us of the knowledge, and increase us in knowledge.

Indeed, the best kind of the speeches is a precise and concise one, and it is not wisdom that one says whatever he knows, but to be cognizant of whatever he says.

Consequently, this work will be a precise and concise template that will give insights into how one can memorize the Holy Qur'an on his own in the face of the challenges of life and its

hurdles, such that he will need to devote not more ten minutes for the memorization every day. Simply put, this pamphlet is a step by step discussion of the manners of memorizing the Qur'an considering the present life drift.
